Incident Response

ACHIEVEMENTS

PROFESSIONAL SUMMARY

Backend-focused engineer with **8+ years** building distributed systems and developer platforms. Led the migration of a monolith to microservices that cut deployment time by 70%, and mentors junior engineers across two teams. Comfortable owning a service from design doc through on-call.

WORK EXPERIENCE

Staff Software Engineer

Northwind Analytics · Austin, TX (Remote) Mar 2024 – Present

- **Reduced end-to-end latency from 40 minutes to under 3 minutes** by leading the redesign of the ingestion pipeline.
- **Cut incident response time in half** by introducing a service-ownership model adopted by 6 teams.
- Mentored 4 engineers through promotion to mid-level within 18 months.

Software Engineer II

Beacon Software · Remote Aug 2019 – May 2022

- Built a real-time notifications service handling 2M+ events/day on Kafka.
- Reduced p95 API latency by 35% by introducing read replicas and query caching.
- Shipped the company's first public API and accompanying developer docs.

Junior Software Engineer

Delta Systems · Chicago, IL Jul 2017 – Jul 2019

- Implemented an automated regression test suite that cut manual QA time by 20 hours/week.
- Fixed 50+ customer-reported defects across the billing and reporting modules.

PROJECTS

Open Source: pgqueue github.com/jordanavery/pgqueue

A lightweight Postgres-backed job queue for Node.js with at-least-once delivery and a monitoring dashboard.

Tech Stack: TypeScript, PostgreSQL, Node.js

Latency Budget Tracker

Internal tool that tracks per-service latency budgets and pages owners automatically on regression.

Tech Stack: Python, Grafana, Prometheus

CERTIFICATIONS

- ★ **Hackathon Winner, TechCrunch Disrupt**
Led a 4-person team to first place building a real-time incident-triage tool in 24 hours.
- ★ **Engineering All-Hands Speaker**
Presented the ingestion pipeline redesign to 200+ engineers at the company-wide quarterly all-hands.
- ★ **Member, ACM**
Active member of the Association for Computing Machinery, participating in workshops and tech talks.

AWS Certified Solutions Architect “Associate”
Amazon Web Services · 2023
Certified Kubernetes Administrator
HashiCorp Certified: Terraform Associate

CNCF · 2022
HashiCorp · 2021

EDUCATION

B.S.
University of Illinois Urbana-Champaign
Aug 2013 – May 2017

GPA: 3.7
